I Kindly consult the Census Supdt. & decide whether or not it would be convenient for the latter to abstract tabulate from a schedule which is different from that adopted for the Mysore State - If we issue schedules will lead to confusion & may cause delay in our completing our work - Unless the C & M St^n authorities are willing & prepared to adopt our schedule, it will be for better for them to make their own arrangements with the Census Supdt of Madras whose forms they are adopting - [illegible] In any case there is the cost to reckon - Approximate cost they will not bear, & they will exercise the cost by comparing it with that of the Madras Census - [illegible]

There is a long correspondence about the schedules

(7)

FROM

V. R. Thyagaraja Aiyar, Esquire, M.A.,
Census Superintendent in Mysore.

To

C. S. Balasundaram Iyer, Esquire, B.A.,
Offg: *Secretary to the Government of*
His Highness the Maharaja of Mysore,
General and Revenue Departments.
Through:- The Revenue Commissioner in Mysore.

SIR,

Referring to your letter No.Fl.1254/Cen.8-10-4, dated 8th September 1910, forwarding copy of letter from the Residency in regard to the Census of the Civil and Military -- Station of Bangalore and of the ceded lines of Railways within the Province, I have the honor to state that the Census Forms and Procedure in Mysore differ from those of Madras in the following essential respects:-

(A). In Mysore, each house is enumerated in a separate page of the Schedule leaf, while in Madras, the entries run consecutively, a line being left blank after the entries for each house and at the final enumeration, all new entries are collected together at the end of the Enumeration Book.

The Mysore system has this advantage in its favour- viz., that it renders statistics of House-density readily available.

(B). In the Mysore Schedule, a sub-column for record of Sub-Castes has been opened, the collection of the information being considered essential for a correct check and tabulation of the main Castes. In the Madras Schedule, no provision is made for entries of Sub-Castes.

(C). As regards the Enumerator's Abstract to be prepared

(5)

prepared immediately after the Census and incorporated in the Circle and the Charge Summaries, the Mysore Form is more elaborate than the Madras Form as will be seen from a perusal of both given hereunder for reference:-

Mysore.

1 Houses...	Population. 2. Total Population
.....No of empty Houses.	3. Male 4. Female
.....No Occupied do	5. Unmarried 6. Married 7. Widowed
.....Total Census tenement.	8. Actual Workers 9. Dependents
	10. Literate 11. Knowing English
	12. Infirm

Madras.

Village	Block Number	Number of Occupied Houses	Persons. Total	Males.	Females.

2. If therefore the Civil & Military Station, Bangalore, and the ceded Railways within the Province be censused on the Madras Enumeration Schedule Forms, the additional items of information provided for in the Mysore Schedule will be wanting for the population of the above areas.

3. In the circumstances, I beg to suggest for the consideration and orders of Government the expediency of having the Census of the above areas recorded on the Mysore Schddule Forms. These Forms are printed with Diglot Headings- English and Canarese and there will be no difficulty as regards the language of enume-

enumeration which may be English in cases where the Enumerator is not sufficiently familiar with Canarese.

I have the honor to be,

Sir,

Your most obedient servant,

Census Superintendent.

Mr. S. Balasundaram

Advertising to your letter No. 5070 dated 24th August to Communicating the decision of the Govt. of India that the Census of the C.M. Stations and the Ceded Districts Railways should be undertaken by the Collectors and the First Asst. Resident respectively under the orders of the Census Supdt. of Madras using the Madras forms and that the Schedules would be made over to the Census Supdt. for abstraction, tabulation, Compilation along with the figures of the State, I am directed to state that the Hyderabad Schedule differs

Explanation

over.

SUBJECT.

27/9

from the Madras Schedule in that one
house is entered on one page in Mysore
while in Madras only a line is
left at blank at the end of each
house and the same page is
utilised for entering more than
one house, and further the Mysore
Schedule contains a sub col
for recording sub castes which
is entirely omitted in the Madras form and that
the Enumerators Abstract also is
in greater detail in Mysore and
as the Mysore Enumerators are
instructed to get all these particulars
it appears desirable to fit in with the Schedule
received without these particulars
the Bureau apprehend that
there may be some difficulty in
Madras in compiling the entries
relating to the C.M.S. the ceded
lines of Railways with theirs Can
there be account of these differences
in the form of the Schedule and I am
therefore to request that it be informed

No.60 // Dated Bangalore. 5 October 1910.

ORDER. (9)

The Home Department's letter No.251, dated the 13th August 1910 conveyed the decision of the Government of India;

(1) that the Census of the Civil and Military Station of Bangalore and of the added railways in the Mysore State should be taken by the District Magistrate and Collector of the Civil and Military Station and by the First Assistant Resident in Mysore, respectively, under the general supervision of the Superintendent of Census Operations in the Madras Presidency.

(2) that the Mysore Census Superintendent should issue the necessary instructions and supply the forms required and

(3) that, after the census has been taken, the schedules should be made over to the Mysore Superintendent of the Mysore State, who will complete the results and include them in his tables for Mysore as a whole.

2. Orders have accordingly been issued to the Collector and District Magistrate as regards the census work of the Civil and Military Station of Bangalore.

3. In connection with the taking of the census in the added railways, it is recommended that the First Assistant Resident will not, from the nature of his duties, be in a position to exercise adequate supervision, especially during the months of January and February next when he will probably be in Bangalore with the Chief Commissioner. In the circumstances it appears to the Resident necessary that the direct charge of the census work on the added railways should be entrusted to the District Superintendent of Police, Civil and Military Station

who

...o, ... the officer in charge of the Railway Police, has facilit... for carrying out the orders of the Superintendent of Census ...rations, Madras, and for noting the progress made by Railway ...ard officers from time to time, as well as for personally com... municating to those officers, in the course of his journeys on ...ilway Police duty, any additional instructions that may be found ...cessary. In carrying out the operations, the Superintendent of Police will consult the District Magistrate and, if necessary, the First Assistant Resident in all matters of importance. When the Indian Census Act, No. XII of 1910, has been applied to the Civil and Military Station, the appointment of the Superintendent of Police as Railway Census Officer can be legalized under ...ection 2 of the Act as applied; but, in the meantime, he is authorized to superintend the census work on the coded railways in ...ysore, and the District Superintendents on those railways should ...ommunicate direct with him on matters relating to the census work ...f the Railway Police under them.

(Sd) P. B. Warburton

First Assistant Resident.

The District Magistrate, Civil and Military Station, Bangalore.
The District Superintendent of Police,
No. 60/2.

A copy of the foregoing proceedings is forwarded to the ...ssistant Superintendent of Police, Railways in charge of Mysore, for information.

No. 6297 87593 Cen. 8 — 10

FROM

P. B. WARBURTON, Esq., I. C. S.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 19 October 1910.

SIR,

I am directed to acknowledge the receipt of Mr. Sl:8 Balasundaram Iyer's letter No.299-Pol., dated the 27th -- September 1910, pointing out that the Mysore Census Schedule differs from the Madras Schedule in certain respects, and enquiring whether the former schedule may not be used for censusing the population of the Civil and Military -- Station of Bangalore and of the ceded railways in the --- Mysore State.

2. In reply, I am to state that, as the Government of India have already ordered the adoption of the Madras - forms in taking the census of the areas in question, and as the Superintendent of Census, Madras, - under whose supervision the operations are to be conducted, - has already issued the necessary instructions in the matter, the Resident regrets that it is not now possible to reverse the existing arrangements and adopt the Mysore Schedule as proposed.

3. Colonel Daly considers that there is no essential difference between the Madras and the Mysore Schedule

forms and trusts that the points raised in the letter under reply will not cause much inconvenience in the abstraction of the census results, in asmuch as the headings of the columns in the two forms are practically identical and all the information entered in the Mysore Abstract can be gathered from the General Schedule itself during the process of abstraction and tabulation.

4. As regards the entry of sub-castes in the schedule, arrangements can be made for recording particulars on this point in the column "caste, tribe or race" of the Madras form, and with a view to ensure uniformity in recording this information, the Resident will be glad to --- issue such further instructions as may appear to the Durbar to be necessary, on the lines of any orders in force in the Mysore State.

5. In these circumstances, Colonel Daly trusts that the special arrangements proposed in paragraph 4 supra for recording information about sub-castes will answer all -- essential requirements and that the difficulty of incorporating the census returns of the Civil and Military Station and the ceded railways with those of the Mysore State will prove insignificant.

I have the honour tobe,

Sir,

Your most obedient servant,

First Assistant Resident.
